

RADIESSE® AND BELOTERO® PRESENT

THE GOLDEN TICKET

Actual patients. Results untouched. Individual results may vary.

IMPORTANT RADIESSE® and RADIESSE® (+) SAFETY INFORMATION

RADIESSE® and RADIESSE® (+) are dermal fillers that are used for smoothing moderate to severe facial wrinkles and folds, such as nasolabial folds (the creases that extend from the corner of your nose to the corner of your mouth). RADIESSE® is also used for correcting volume loss in the back of the hand.

Enter and you could win a lower face makeover
valued at up to \$5,000

Actual patients. Results untouched. Individual results may vary.
