

The number of euthanized animals could be reduced dramatically if more people adopted pets instead of buying them. When you adopt, you save a loving animal by making them part of your family and open up shelter space for another animal who might desperately need it.

Are You Ready To Adopt?

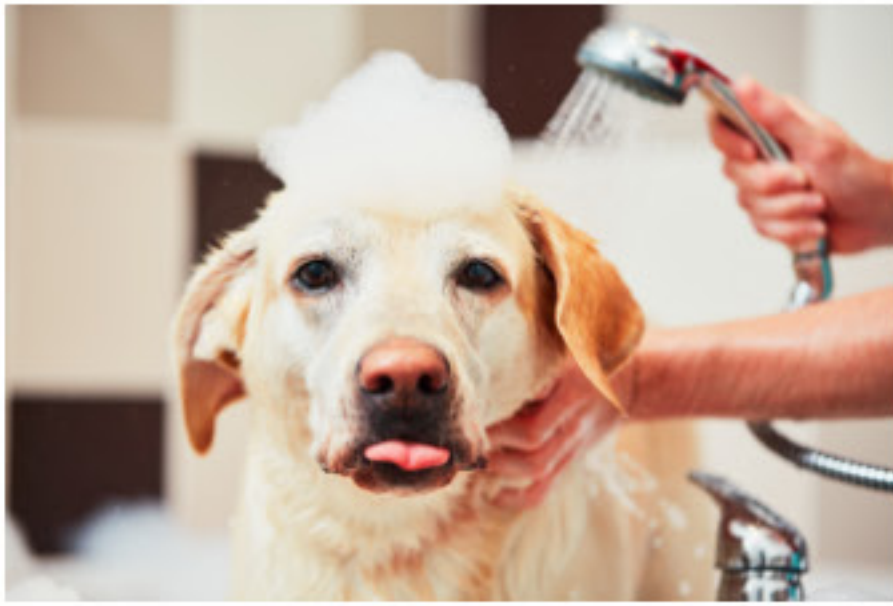

Sharing a home with a four-legged friend can be one of life’s greatest joys. But while pet ownership is rewarding, it’s also a big decision. Dogs require lots of time, money and responsibility —10 to 15 years’ worth, in many cases. Dogs require daily food, water, exercise and companionship. You’ll have to account for your pet in making all kinds of decisions, including travel, social life and overtime at work.

Why Adopt?
Each year, 2.7 million adoptable dogs and cats are euthanized in the United States, simply because too many pets come into shelters and too few people consider adoption when looking for a pet.

Adoption Checklist
Congratulations on deciding to adopt! Because adopting a new dog comes with a lot of change for both dog and dog parent, we’ve compiled a checklist to help make the transition as smooth as possible.

Basic Dog Care 101
A dog can be a wonderful addition to any home, but whether you’re an experienced pet parent or a first-time adopter, it’s important to keep your canine companion’s health and happiness a top priority.

My Story

Hi there! I'm Lux, a 7-year-old, 26 pound purebred Pembroke Welsh Corgi with lots of love to give. The best way to win me over is to cuddle with me, give me treats and play with me. I don't get along with other dogs (big or small), but I love kids! I'm full of energy and enjoy short walks, running in open spaces and playing fetch. I'm crate and house trained but would love a house full of soft beds to cuddle with my new best friend! Come meet me today, I will melt your heart! What do you say?
