

Design Patterns — the Cook's Catalog UI Design

Home

- **Home Link:** Every page has a persistent navigation at the top including the logo in the top left. Clicking the logo anytime will bring the user back to the home page.
- **Autocomplete:** The ingredient search will suggest search results dynamically and give the user the option to click the intended word/phrase.
- **Carousel:** The bottom of the page includes a section for featured recipes. This pulls from the blog posts into a module the user can cycle through, showing four at a time within the visible frame.

Search Results

- **Autocomplete:** The ingredient search will suggest search results dynamically and give the user the option to click the intended word/phrase.
 - **Tagging:** Recipe ingredients are converted into tags for searching and keywords added to recipes become tags as well. The ingredient search will refine the results based on ingredient tags.
 - **Live Filter:** The sidebar is used to refine the ingredient search based on additional criteria.
- This updates the search results dynamically, without triggering a page refresh or navigating to another page.
- **Pagination:** The ingredient search results are organized into blocks of 12 recipes in a grid, per page. Any additional results will be on the next pages and the user can navigate directly by page number or arrows.

Recipe Details

- **Favorites:** The user may click on the heart icon next to any recipe on the website to add it to their list of favorites. "Favorite" can mean something different to each user. The favorites list is accessed from the user profile page.
- **Tagging:** Recipe ingredients are converted into tags for searching and keywords added to recipes become tags as well.
- **Carousel:** The bottom of the page includes a section for similar recipes. This pulls from the same or similar tag into a module the user can cycle through, showing four at a time within the visible frame. These are not curated recipes from the blog. Clicking any of these will take the user directly to the details page for that recipe.
- **Breadcrumbs:** The user may click the "back to results" link to take one step back, to the previous page, with the search results and filters saved.

User Profile

- **Module Tabs:** Module tabs are used to organize the user's 3 different list types on their personal user profile. These can be switched between without triggering a page reload.
- **Favorites:** The user may click on the heart icon next to any recipe on the website to add it to their list of favorites. "Favorite" can mean something different to each user. The favorites list is accessed from the user profile page.
- **Vertical Dropdown Menu:** When a user is logged into the website, new options become available in the upper right corner. These options are listed in a vertical dropdown menu overlay.
- **Pagination:** The user's lists are organized into blocks of 12 recipes in a grid, per page. Any additional recipes will be on the next pages and the user can navigate directly by page number or arrows.

Submit Recipe

- **Structured format:** The user may enter a recipe using fields with some structured formats such as the "measure" field that cannot contain just any text, but measurements that make sense.

Home

- **Home Link:** Every page has a persistent navigation at the top including the logo in the top left. Clicking the logo anytime will bring the user back to the home page.

BEST BURGER RECIPES

Epic cheeseburgers come in all kinds of manifestations, but we want them in and around our mouth no matter what. Slide those smashed patties with the gently caramelized meat fat between a toasted brioche bun and pass it over. You fall in love with the cheeseburger itself but the journey ain't half bad either.

PRINT RECIPE

You can find a cheeseburger no matter where you go in the world, so you have no excuse to miss out on the glory that some people can only dream of. Step up to the plate.

INGREDIENTS

- 2 tablespoons avocado oil (or any mild oil)
- 1 small white onion, peeled and diced
- 1.5 pounds boneless skinless chicken breasts, cut into small 1/2-inch pieces
- sea salt and black pepper
- 1 (4-ounce) can diced green chiles
- 1 (15.5 ounce) can black beans, rinsed and drained
- 8 large flour tortillas
- 3 cups Mexican-blend shredded cheese
- 1 batch red enchilada sauce, or 1 can store-bought enchilada sauce
- optional toppings: fresh cilantro, diced red onions, avocado, sour cream

DIRECTIONS

1. Preheat oven to 350 degrees F. Prepare your enchilada sauce, if making homemade.
2. In large saute pan, heat oil over medium-high heat. Add onion and saute for 3 minutes, stirring occasionally. Add diced chicken and green chiles, and season with salt and pepper. Saut  for 6-8 minutes, stirring occasionally, or until the chicken is cooked through. Remove from heat and set aside.
3. To assemble the enchiladas, set up an assembly line including: tortillas, enchilada sauce, beans, chicken mixture, and cheese. Lay out a tortilla, and spread two tablespoons of sauce over the surface of the tortilla. Add beans in a line down the middle of the tortilla, then add in a spoonful of the chicken mixture, then sprinkle with 1/3 cup cheese. Roll up tortilla and place in a greased 9 x 13-inch baking dish. Repeat with the remaining ingredients. Then spread the remaining enchilada sauce on top of the tortillas, and sprinkle on the remaining shredded cheese.
4. Bake uncovered for 20 minutes. Remove from oven and serve immediately, garnished with chopped fresh cilantro if desired.
